Registration must be received by August 11, 2015

Advanced Group Crisis Intervention

Wed. Aug 26, 2015 1 pm-6 pm

Thurs. Aug 27, 2015 8 am-5 pm

Designed to provide participants with the latest information on critical incident stress management techniques and post-trauma syndromes, the Advanced Group Crisis Intervention builds on the knowledge base which was obtained through the Group Crisis Intervention course and/or in publications. At the conclusion of this course, participants will have been exposed to specific, proven strategies to intervene with those suffering the ill effects of their exposure to trauma. Emphasis will be on advanced defusings and debriefings in complex situations.

This course is designed for public safety personnel: emergency medical services providers, firefighters, physicians, police officers, nurses, dispatchers, airline personnel, mental health professionals, chaplains, and disaster workers who are already trained in the critical incident stress management format. It will also be useful for those working extensively with traumatized victims in various walks of life.

This course requires previous training and experience. ICISF's "Group Crisis Intervention" should be viewed as a prerequisite.

Course Highlights

- Managing complex group oriented crisis interventions
- Strategic intervention planning
- Comprehensive, integrated, systematic and multi-component CISM
- Concepts of enhanced group processes
- Line of Duty Death
- Significantly delayed interventions
- "Multiple incident CISD"
- Suicide of a colleague
- Small group crisis support sessions after a disaster
- Symbolic Debriefings

Lodging: A block of rooms has been reserved at the Sleep Inn & Suites, 1350 S 42nd St.
Grand Forks, ND 58201
Ph: 701.757-2900

Seminar Mission

CISM: Advanced Group Crisis Intervention training program is designed to present the more advanced elements of a comprehensive, systematic and multi-component crisis intervention curriculum.

The two day course prepares participants to understand a wider range of crisis intervention services including strong emphasis on strategic planning for complicated interventions. Details of how to respond to a Line of Duty Death will be taught as well as how to conduct the response to the suicide of a public safety employee.

and multi-incident debriefings – all of which require a strategic, well- prepared response.

Training will be given in how to conduct assessment and planning for all the above types of incidents.

The theory of group work will be discussed along with how to plan for the strategic interventions to symbolic debriefings, significantly delayed debriefings,

About the presenter

Carol Staben-Burroughs is a Licensed Clinical Professional Counselor in private practice in Bozeman, MT for 25 years. She is an instructor at Montana State University in the Dept of Education, Health and Human Development. Carol is a past president of the American Mental Health Counselors Association and the Montana Clinical Mental Health Counselors Association. She is a trainer for the International Critical Incident Stress Foundation and the Montana Law Enforcement Academy. She has been an active volunteer in the Montana Critical Incident Stress Management Network since its beginning in 1992. She is currently the clinical director of the Gallatin County CISM Team. Carol lectures on a wide variety of subjects and has a humorous, high-energy training style. Carol lives in Bozeman.
